

## MANHOLE LIFT BAR

The **A•LOK Lift Bar** is designed to provide a safe and economical means of handling precast manholes and other concrete structures. As lifting tension is applied the lift pins rotate 90° in the A•LOK insert to a locked position for safe handling. A•LOK meets OSHA 5:1 safety factor.

**PLEASE NOTE:** Liftbar pins and chains should be vertical with manhole when lifting.

**NOTE:** 3/4" HAMMER-LOK AND CHOKER CHAIN FOR CONES (Optional)

### WARNING

Serious harm or death may result from safety hazards caused by improper use or installation of this product.

Use of this product in applications other than those stated should be first carefully tested prior to general production use. Testing must accurately represent intended use, with full consideration to all field conditions and factors of safety. The safe working load of this product should always be observed.

**PLEASE NOTE:** A LIFT BAR SHOWING ANY SIGNS OF DEFORMATION OR WEAKNESS SHOULD BE DISCARDED.
